**Subject:** APPLCC Steering Committee Meeting: Programmatic & Communication Subteam Agendas  
**Attachments:** Program Alignment Strategic Engagement Agenda.docx; Communications Agenda.docx

Team:

Agendas follow for the APPLCC Meeting 4/22-24 with breakouts for the Programmatic and Communication subteam discussions.

We plan to use Meetingsphere for comment capture and team polling. You can do a pre-session test of the link by clicking the link below:

<https://eu10.meetingsphere.com/groupsolutions/applcc>

If you are able to click on OK and see the welcome screen and call in numbers for distance participants you're good to go. We'll confirm arrangements with distance participants as the meeting gets closer. Remember to disable pop-up blockers for the MeetingSphere site.

Other questions or comments? Let me know

Thanks!
